

## Press Release

### Großtanklager Ölhafen Rostock: TOTAL Deutschland sells shares in joint venture GÖR to partner EUROPORTS

**Berlin/Rostock, 18 December 2020** - TOTAL Deutschland GmbH (TOTAL Deutschland) and EUROPORTS Terminals Rostock GmbH have just signed a Sale and Purchase Agreement for TOTAL Deutschland's shares in the joint venture Großtanklager-Ölhafen Rostock GmbH (GÖR) as well as the former Minol tank farm with land, tanks and real estate on December 17<sup>th</sup> 2020.

Until now, TOTAL Deutschland and EUROPORTS were equal shareholders of the joint venture, which was founded in 1996 to operate the large tank farm at the oil port of Rostock. TOTAL Deutschland plans to continue using the tank farm and has concluded storage handling contracts with EUROPORTS for a further ten years. All employees on site are employees of GÖR and therefore not affected by the change.

GÖR in the oil port of Rostock is an independent tank farm with a total capacity of around 700,000 m<sup>3</sup> for the storage and handling of mineral oils, vegetable oils and other liquid goods. Besides the former Minol tank farm of TOTAL Deutschland and a tank farm of EUROPORTS, GÖR also operates the tanks of PCK Raffinerie GmbH Schwedt as well as the tanks of Dow Olefinverbund GmbH Böhlen on site.

Christian Cabrol, Managing Director TOTAL Deutschland GmbH: "We would like to thank EUROPORTS for the good cooperation over the past years. Our two companies are united by a high standard of safety, quality and performance. The sale is in line with the Group's strategy of actively managing its asset portfolio. The long-term stock turnover contracts that have now been concluded testify to our confidence in a successful continuation of the cooperation".

Frédéric Platini, Chairman Euroports Group BV: "We are pleased to successfully extend the cooperation between EUROPORTS and TOTAL Deutschland for an additional 10 years and express out thanks to TOTAL Deutschland for the excellent collaboration through the joint venture over the last decades. With this new investment, EUROPORTS will strengthen its strategic position in Rostock in Germany and further diversify its operations into the liquid bulk sector. We are fully committed to continue to operate following the highest standard of safety and quality required by this industry."

The completion of the sale is conditional upon the approval of the respective German authorities.

## **About Euroports**

Euroports, one of the largest port-infrastructure companies in Europe, develop, operate and manage global maritime supply-chain solutions for a large number of international customers in various industries, handling over 60 million tonnes of bulk, breakbulk, liquid and containerized goods per year. It is Euroports' mission to be the partner of choice in delivering the highest-quality maritime supply-chain solutions. Euroports accomplishes this through 32 terminals and logistic platforms and a workforce of about 3,000 employees, offering a range of value-added services and multi-modal global freight forwarding, all with one aim –to deliver sustainable value to the customers.
